SALES CONDITIONS

Subject to any qualification which may be made in writing in the solicitation of bids, all sales are subject to the following conditions:

1. All sales are on a cash basis and payment in full must be made promptly after award and prior to the removal of the property.
2. Property must be removed at the purchaser's expense within ten days (or such other period as may at any time be specifically allowed in writing) after the date of mailing by the Government of the Notice of Sale, which will be the purchaser's authorization to obtain delivery of the property. Without limiting any other rights it may have, the Government may require the payment of storage charges with respect to property not removed within the required time and reserves the right to cancel the contract with respect to any such property. The purchaser shall be responsible for any damage to surrounding property, including buildings, resulting from the removal of the property.
3. It is expected that the Government agency in possession will exercise its usual care for the protection of the property, but the Government will not be liable in the event of loss, damage, or destruction from any cause whatsoever. The Government, however, will refund to the purchaser any amount paid with respect to property lost or destroyed during the period allowed for removal and prior to actual removal.
4. The Government warrants its title to the property sold but makes no other warranty, express or implied, by way of description of the property or otherwise.
5. Sales are subject to such adjustment upon the request of the purchaser as the Director, Consumer Goods Division, or his designated representative, may, in his discretion, determine to be equitable under the circumstances. Requests for any such adjustments will be considered only if filed within twenty days after the date of mailing of the notice of sale (or such other period as may at any time be specifically allowed in writing) in the manner prescribed by applicable regulations of the Consumer Goods Division, War Assets Administration, copies of which may be obtained from that Office, Washington 25, D.C. or any regional office of that office. The determination of the Director, Consumer Goods Division, War Assets Administration, or his designated representative shall in all cases be final.
6. No member of or Delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this contract or to any benefit that may arise therefrom unless it be made with a corporation for its general benefit.
7. In case of error in the extension of prices to the "Total Price" column in the bid, the unit price will govern.
8. The Government reserves the right to reject any or all bids or parts thereof, and to waive technical defects therein. The Government also reserves the right to withdraw from sale any property prior to the removal thereof without incurring any liability except to refund to the purchaser any amount paid with respect to such property. The Government further reserves the right to cancel the contract without liability if made on behalf of any principal whose name and address is not set forth in the bid.

Bidders are urged to inspect property prior to submitting bids.
